Basic Information

1) Which of the following age ranges applies to you? (circle one)

18-25

2) What is your primary language?

Slovak but prefer Czech (*slovenština, ale preferuji češtinu*)

3) What is your primary keyboard layout? (if you know it)

Czech, QWERTY

4) How often do you use computers and for what reasons? (circle all that apply)

– I use computers for work.

– I use computers at home.

– I know how to program.

5) Which of the following roles does your current job (if applicable) most closely match? (circle one)

Development, analysis

6) How much experience do you have with the following Operating Systems? Please check all that apply:

	Use it currently	Used it in the past	Have installed it before
Fedora	✓	✓	✓
Red Hat Enterprise Linux			✓
Other Linux: Debian, Ubuntu		✓	✓
OS X			
Windows 8			✓
Windows 7			
Windows XP		✓	✓
Other Microsoft Windows: 98		✓	
Other: ReactOS			✓

Linux Experience

7) Do you have experience installing installing operating systems to virtual machines**? Which ones? (check all that apply)**

– Virtual Box

8) What different file systems are you familiar with? (check all that apply)

- ext2 / ext3 / ext4 (Linux/UNIX)
- ZFS (Solaris)

9) Do you natively boot (not VM) more than one operating system on any computers you use? (circle one)

No

   9a) Which operating systems? _____

System Administration Experience

10) How much experience do you have in the system administration of any operating systems**? (select one)**

Moderate – I frequently engage in system administration tasks, but it's not my main job

If you selected 'None' in question 10, feel free to skip the rest of the survey. Thank you!

11) What is the maximum number of systems you've been responsible for managing? Rough guesses are fine. (circle one)

1-10

12) How much experience do you have with Logical Volume Management (LVM)? (check all that apply)

I've used it before as an automatically-selected / default storage option

I've customized it manually before

I've resized LVs before

13) Do you use or have experience with BTRFS? (check all that apply)

I don't know much about it

I'm aware of it but don't use it

Storage Experience

14) For the following questions, check all that apply:

	I'm familiar with	I use this technology	I'm not familiar with
Snapshots	✓		
Data Checksumming (…)	✓	✓	
Array Scrubbing (…)			✓
Storage Pools (…)	✓		

15) Do you have experience with advanced storage technologies?

Not Sure

   15a) If yes, which kinds? (check all that apply)

   –

16) Do you typically configure software RAID? Please check all that apply:

	Never	Seldom	Sometimes	Often
RAID 1			✓	
RAID 4	✓			
RAID 5			✓	
RAID 6	✓			

RAID 10	✓			
RAID 0+1	✓			
Other _____	✓			

17) If you customize your storage configuration when installing Linux, how many disks, what kind of layout, and what technologies do you most often use? (Feel free to draw a diagram of how you would set this up, if you'd like.)

I use separate partitions /boot, /, /home and swap; By default all except /boot I put on LVM. I use some variant of RAID (preferably RAID 5) if the capacity and number of disks allows it.

(Používám rozdělení na /boot / /home a swap, všechny kromě /bootu defoultně dávám na LVM. Pokud to kapacita a počet disků umožňuje, použijou nějakou variantu RAIDU, nejraději asi RAID 5.)
